

A screenshot of a web browser window displaying the Azure GPT Chatbot. The title bar shows three tabs: "Azure key exposure fix", "-AI-Azure-Chatbot/ at main · ja...", and "Azure GPT Chatbot". The address bar indicates the site is reached via "localhost:8510". The main content area features a sidebar on the left with a spray can icon and a "Chat Controls" section containing a "New Chat" button. The main panel has a light blue background with the heading "Azure GPT Chatbot" and the subtext "Your intelligent assistant powered by Azure GPT-4.1". A message input field at the bottom contains the placeholder "Type your message here...". The bottom of the screen shows a Windows taskbar with various icons and system status indicators.

hello

Hello! How can I help you today?

what is Azure?

Azure is a cloud computing platform and service created by Microsoft. It provides a wide range of cloud services, including:

- **Virtual Machines** (running Windows or Linux)
- **Databases** (like SQL Database)
- **Storage** (for files and data)
